GREAT
SUMMER!!!

calendar of events

A NOTE FROM MS. PILKINGTON:

Dear WPA Families,

Field Day

Will be inside this year due to rain. We still have lots of fun things planned! It does mean we will have no water activities, so no swimsuits please.

Summer Slide

Did you know that on average students lose 2 months of learning every summer? We want to make you aware of some tools to help you avoid the summer slide!

-Reading out loud to your kids every day builds a wealth of vocabulary and background knowledge. Vital components of reading comprehension!

-Have your kids read to you. Practice, Practice, Practice, to keep those hard-won skills.

-I Ready Math (Your student already knows how to log on) is a well-researched program and is available all summer.

-Door 24 (Available for free on iPads) This app is great for helping students with "fact fluency" (the ability to do simple additions, subtraction, multiplication, and division quickly in your head) Fact fluency significant, positive impact students ability to do more complex problems later. (Student can use their I-Ready logins to access this program.)

-Xtra Math- Another fun online program to support fact fluency available on a wider variety of platforms than Door 24.
